

HELP FOR WORKING GIRLS

Two Girls Tell Story of Their Illness and How They Found Relief.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JAQUILLARD, 613 Seventh Street, New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because my periods were suppressed and I had pains in my back and legs, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."

—Miss ESTELLA MAGUIRE, 110 Thwing St., Saint Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

BELLOWS FALLS NEWS

New Rope for Bosworth Hanging.

High Sheriff James H. Kiniry was again in Bel lows Falls Tuesday afternoon taking a prisoner to the house of correction for a long term of imprisonment. While here Mr. Kiniry spoke of the approaching execution of the murderer, Bosworth, which occurs at the prison early in January. Bosworth will be the last criminal to suffer the death penalty by hanging in this state. During the last few months a death house has been built at the prison in which are to be placed the appliances for electrocution to be used in all subsequent executions, and which Sheriff Kiniry deems much more humane. The death house has been built on the south side of the east wing of the prison, while the execution by hanging have all been made in the corridor of the west wing. Speaking of the breaking of the rope at the last execution, Mr. Kiniry said such an accident should not happen again as he had already ordered a new rope of which there could be no question. Mr. Kiniry is a brother of William H. Kiniry of the Standard Oil agency, and Thomas F. Kiniry of the Dreamland theatre. The sheriff was born here.

Plans for Coming Poultry Show.

Great preparations are being made by those interested in fancy poultry for the annual show of the Connecticut Valley Poultry association which comes next week. It is to be held Tuesday, Wednesday and Thursday in Union hall. The number of birds already entered is over 800, as compared with about 700 last year. These entries comprise nearly every known species of poultry, pigeons, etc. Interest centres in the address of P. P. Ives of Connecticut that is to be given Tuesday evening, as he is a well-known breeder and lecturer. The same evening a local branch of American Poultry association is to be formed and the annual meeting of the Connecticut Valley association will be held. Some time during the show a meeting of the New England branch of the American Buff Poultry Rock association is to be held, but the time is not yet decided upon. D. E. Tasker of Brattleboro will act as score card judge and the hall is to be in charge of P. C. St. Croix and C. F. Bissell. The judges will be P. P. Ives, C. H. Brundage and H. E. Beebe.

Dr. George Candidate for Postmaster.

Dr. Ozias M. George, a dentist of many years here and one of our older citizens, has announced himself as a candidate for the local postmastership when the term of Joshua H. Blakey expires in January, 1915. Dr. George has been visiting his friends about town during the last week or two and securing endorsements to his petition. This makes three avowed candidates, the other two being Daniel H. Cray, foreman of the mills of the International Paper company, and James E. Byrne, the well-known barber. The two latter have been outspoken as candidates ever since the administration changed, but Dr. George has been more moderate and modest in his advances until now. Each has held a number of public offices and has been a faithful servant, and other would probably make a good postmaster. At least two of them will probably fall short of the appointment when the general sorting up comes later.

DEER SEASON OPENS DEC. 1.

Animals Are Plenty—Successful Bird Season Nearly Over.

The open season on partridge and woodcock closes Dec. 1 and the hunters have enjoyed a most successful season. Woodcock were found in good numbers and partridges were more numerous than for several seasons. The latter seem to be steadily increasing again and with proper laws and favorable breeding seasons this wily game bird is sure to furnish the best of sport for years to come.

Next Monday, Dec. 1, the open season on deer begins and continues for 15 days and as usual the large number of deer hunters are looking forward with much anticipation to the annual event. On the average about 125 hunting licenses are issued in this town, although up to date only about 100 have been taken out.

From many sources come reports that deer have not been so numerous since 1909, when 51 were killed by the local hunters. Owing to the fact that there has been no snow during the past two open seasons comparatively few deer have been killed and this has given the animals a much needed opportunity to increase until now there is hardly any doubt that there is a good sized number of deer before and if the hunters are favored with good tracking snows the kill will undoubtedly be large. As in the past several years the use of rifles is permitted and each hunter is allowed one deer, either buck or doe.

Deputy Game Warden G. P. Wellington will have jurisdiction over this vicinity and will be on the lookout for unlicensed hunters. On a visit to this section last week he apprehended an alien in Broad Brook hunting without having taken out a license and the result was a fine of approximately \$50.

NORTHFIELD, MASS.

Livery Team Gone.

On Saturday a man came to town and went to Mrs. R. E. Long's asking for board and room. He engaged a room, asked Mrs. Long for her card and said he would have his baggage sent shortly. He asked where he could get a good livery team and Mrs. Long referred him to F. L. Proctor's livery. The man went to Proctor's stable and hired one of the best single rigs, showing Mrs. Long's card as his boarding place. He said he was going to Warwick.

Nothing has been seen of the man or rig since. Search is being made in every direction. The mare was brown, weighing about 1000 pounds, and had three white feet. The off forward leg was white to the knee, both hind ankles were white and she had a white star in the face and a white strip on the nose. Her mane was on the left side. The mare was hitched to a top wagon with blue upholstery, red gear and black body. The man was about 35 years old and of sandy complexion, wore a dark suit and derby hat, and weighed about 155 pounds.
